SAYS POLICE DID THE SHOOTING

CHINESE CONSUL'S CONCLUSION AS A RESULT OF HEARING WAI-PAHU RIOT INQUEST.

Chang Tso Fan, the Chinese consul, has written to attorney general asking what is being done regarding the killing of the Chinese at Wai-pahu plantation last April, when the police made some arrests of gamblers and one Chong Choy Fat was shot and killed in a row which followed. The inquest was held at Pearl City and the consul attended. His letter shows that he, like many others, came to the conclusion from the evidence that the shooting was done by police. His letter says:

"During the time that the inquest was in session, I was present, and one of the witnesses at the said inquest testified that the said Chong Choy Fat stated in the presence of several other persons before dying that a man on horseback had shot him. According to the testimonials given by various witnesses it was proven that no one was on horseback excepting the police who raided the place and therefore it must be the police who did the shooting. Under these circumstances and as the matter has been kept in abeyance for a period of more than three months, no word has ever been heard from the Police department of the arrest of any one who did the shooting. I therefore respectfully request that you will be good enough to carefully look into the matter and use your best legal efforts to fasten the responsibility on the guilty persons or person, so that he or they may be dealt with according to law. I have the honor to be, sir,

"Your most obedient servant,

"CHANG TSO TAN,

"H. I. C. M's Consul."

To this letter the following answer has been returned.

Honolulu, July 20, 1905.

To His High Imperial Chinese Majesty's Consul, Honolulu, T. H.

Sir: Your favor of July 19th duly received and in reply I would state that we have had for sometime, under investigation the matter of which you speak. It seems that there was considerable perjury committed at the hearing of the Coroner's inquest of which crime two of the witnesses have already been indicted through the efforts of this office, and it is hoped that at their trial further developments will be elicited as to the real cause of the death of Chong Choy Fat.

We would be very glad of any assistance which your consulate can offer in this matter in the hunting down of the person guilty of the killing.

OAHU COLLEGE IS PROSPERING

ANNUAL MEETING OF THE TRUSTEES WAS HELD YESTERDAY AFTERNOON.

The annual meeting of the Oahu College trustees was held yesterday in the Judd building with the election of officers for the ensuing year as follows: President, A. F. Griffiths; vice president, Prof. W. D. Alexander; treasurer, P. C. Jones; secretary, A. F. Judd; auditor, Clarence H. Cooke.

The terms of office of trustees, Prof. W. D. Alexander, and Judge S. B. Dole having expired were re-elected for a new term of six years.

The treasurer reported that the corporation was out of debt and had a balance of \$80,000 on hand to invest in new buildings.

An interesting report was submitted by the committee on buildings and grounds and after explanation was adopted. The plan is to remove all the old original buildings save Bingham hall, which is now used as the girls' dormitory and diningroom. This will be changed to a school building and the space devoted to class rooms, and hereafter all the school building will be confined to that locality between Paupali hall and Charles R. Bishop hall, the latter being the Preparatory School.

The dormitories and the boarding department will be placed mauka of Bishop hall and the spring, and President's house will be located still further back on the slope of Rocky Hill. The present pasture will be converted into an athletic field. This general plan was outlined was adopted.

A special building committee consisting of Walter Dillingham, A. F. Judd and Clarence Cooke was appointed to consult with the architect.

Whether it should develop that it was a public official or some irresponsible person would make no difference in his prosecution by this office.

Yours respectfully,

LIORIN ANDREWS,

Attorney General.

Electrical Time Savers

There are many Electric Heating Devices made for attachment to electric light and power circuits. They enhance the utility of domestic and household appliances and may be attached to any ordinary lamp socket.

ELECTRIC IRONS are so far superior to the old style irons that arguments are unnecessary. It is sufficient to say that no one who has ever used an electric iron is willing to dispose with it.

ELECTRIC WATER HEATERS boil water in five minutes without dirt, odor, danger or waste heat. One of these heaters is an ideal thing when the baby cries at night. By its aid a bottle of milk can be warmed in a minute.

A simple trial will convince.
